

International Union of Soil Sciences®

## International Union of Soil Sciences Society

17 WCSS, Bangkok, Thailand IUSS

*Because one cannot love what one does not know nor appreciate something with unknown value.*

*Let us work together to PRESERVE the Soil resource.*

*Let us make of the World Soil Day the largest worldwide celebration, and of the International Decade of the Soils a celebration that permeates all the minds and consciences of the world's citizens like the decade in which the IUSS is taking care of soils to preserve the life on Earth.*

Laura Bertha Reyes Sánchez  
President of the IUSS

# December 5

# World Soil Day

**International  
Decade of Soils**
